

MARIE CURIE CAREER FIT PLUS

Call opens
7 Sept
2020

Are you an experienced researcher looking to develop your skills and build your career?

Enterprise Ireland's **Marie Curie Career Fit Plus** programme is designed to inject new talent and resources in the R&D&I sector in Ireland by recruiting talented researchers from around the world through an open competition to work on market-focused collaborative projects for three years.

For more than decade, Food for Health Ireland has provided a world-class model for collaborative research to improve global health through scientific innovation in food and drink.

We have successfully placed 12 fellows on this prestigious programme in the past and are now seeking expressions of interest from experienced researchers around the world to work with us on proposals.

ELIGIBILITY

- ✓ Doctoral degree or min four years' full-time equivalent research experience.
- ✓ Reside outside Republic of Ireland **OR** in Ireland for no more than 12 months in past three years
- ✓ Background in: Food Science, Nutrition, Dairy, Plant or Marine Science, Bioinformatics, Biotechnology, Microbiology or Agri-Food.
